

# About Us

Step into 1423 China Kitchen, where history and culinary artistry unite in the heart of Windsor. Housed in Windsor's oldest surviving structure, our restaurant resides within a Grade II\* listed building dating back to 1423. This remarkable all-wooden structure features the legendary "dragon beam," an architectural marvel rarely seen. Located in the ceiling of our first-floor dining hall, this beam is a must-see for every visitor.

Beyond its stunning craftsmanship, the building is steeped in captivating lore. Once serving as a fire station with horse-drawn fire carts, it also holds whispers of a secret tunnel connecting to Windsor Castle—believed to have facilitated royal escapes and clandestine trysts. Adding to the mystique, tales of a gentle lady ghost wandering the halls lend an air of enchantment to your dining experience.

At 1423 China Kitchen, we take pride in redefining authentic Chinese cuisine. Unlike conventional offerings, we present a culinary journey that stays true to its roots while embracing refinement. Over three years of dedication have allowed us to craft a menu free from MSG, showcasing natural flavors and premium ingredients, including but not limited to free-range eggs, organic butter, and the freshest locally sourced produce. Whether you're savoring our classic dishes or exploring our Western-Chinese fusion creations, every bite reflects the depth and heritage of Chinese culinary traditions.

Our restaurant spans three floors, accommodating up to 85 guests at once. We also offer a private dining room for those seeking a more exclusive and intimate experience, making us the perfect venue for gatherings of all sizes.

We began our journey in 2016, and since then, we've been committed to providing not just meals, but memories. We celebrate diversity on our menu, offering extensive vegan, vegetarian, and gluten-free options to ensure every guest can indulge in the rich tapestry of flavors we bring to the table.

Our dedication extends to your health and safety. As proud holders of a consistent 5-Star Hygiene Rating, we guarantee not only a delicious meal but also peace of mind. From intimate dinners to grand events, our mobile catering services bring the 1423 experience directly to you, complete with live cooking and personalized touches.

Thank you for choosing 1423 China Kitchen, where history, legend, and authentic Chinese cuisine converge. We invite you to create cherished memories within these storied walls, celebrating both the past and the present in every moment.
